Corporate Developments

Dividends proposal:

SODIC’s Board of Directors has proposed a cash dividend distribution of EGP 0.55, a 10% increase over 2018 dividend per share subject to the approval of the Ordinary General Assembly. The proposed dividend is a testament to the company’s commitment to have a sustainable distribution to our shareholders supported by SODIC’s liquid balance sheet, solid financial performance, and strong cash flows.

New project launches:

During the year SODIC launched two new projects, inaugurating New Zayed, adding over 10 years of sales visibility to our development pipeline in West Cairo, SODIC’s stronghold core market.

The Estates: launched in September 2019, two months following the signature of the agreement with NUCA to rezone the 150 acre Al-Yosr land plot. The Estates is SODIC’s newest signature project, and the debut of a series of projects to be developed in the new and upcoming area of New Zayed, which is set to become the natural extension to the upscale neighbourhood of Sheikh Zayed. Spanning over 630,000 sqm the project is expected to generate over EGP 7.7 billion of sales, with gross margins expected to come in at over 60%. The Estates contributed over 12% to SODIC’s contracted sales in 2019.

VYE: the first of three distinct neighborhoods that make up the company’s new 500-acre plot in New Zayed. The plot was acquired through a partnership agreement signed with NUCA in Q1 2019. VYE was launched to strong demand in December 2019 contributing 17% to the Company’s contracted sales and expected to generate over EGP 43 billion of sales over a 10-year period.

Also in West Cairo, SODIC introduced Allegria Residences, the first fully finished apartment offering to be launched in SODIC West since Forty West. Launched in March 2019, the project contributed 11% to our 2019 contracted sales.

In East Cairo, SODIC launched the first phase of Azailya, multifamily apartment buildings in the Company’s 655 acre mixed-use development in East Cairo, SODIC East. The project is expected to generate in excess of EGP 55 billion of sales over a 10-year period.

The success of the launches comes as a testament to SODIC’s ability to swiftly monetize its land bank building on its solid track record and deep knowledge of the market.

The diversity of our current land allows us to spread our future sales across all our main markets while offering differentiated products addressing different market needs, this mitigates concentration risks and allows the company as a whole be more resilient to interruptions in any specific market.

In addition to our newly launched residential projects, SODIC launched its new sports arm, Club S, introducing a one of a kind upscale club experience that aims to promote a healthy lifestyle for residents in all SODIC’s developments. The first of a series to be launched by SODIC over the coming period, “Club S” opened its doors in Allegria in 3Q2019 to serve the needs of over 15,000 current residents of Allegria and SODIC West.

Operational Review

Full Year 2019

Gross contracted sales for the period were up 32% delivering a record EGP 7.3 billion versus EGP 5.5 billion for the same period last year. Sales were mainly driven by the strong performance of our projects in our core markets of West & East Cairo. West Cairo projects contributed to 59% of our gross sales in 2019 with VYE & The Estates being the main engines of growth for the year. Commercial sales contributed to circa 17% of our gross sales during the year having generated circa EGP 1.2 billion.

Cancellations were recorded at 8.32% of our gross sales in 2019, this compares to 8% recorded in 2018. Due to delays in launching new phases of Malaaz as result of permitting delays in the North Coast, Malaaz had higher cancellations negatively affecting our cancellation rate.
