North Coast June had the most significant contribution to gross contracted sales, generating some 43% of our gross contracted sales during the quarter on the back of the successful launch of a new phase of the project during May 2022. East Cairo projects accounted for a further 36% driven by continued strong performance of SODIC East. While West Cairo accounted for 21% despite limited new launches, mostly generated through sales of residual inventory in October Plaza and The Estates Residences.

Cancellations

Cancellations of EGP 294 million were recorded during Q2 2022, representing 10% of the quarter’s gross contracted sales, unchanged from the cancellation rate of 10% recorded during the second quarter of 2021.

Cancellations were negatively affected by cancellations of EGP 204 million on our 500 acres project due to its temporary suspension, with the project accounting for 71% of the cancellations during the quarter.
